Part A: Pupil Premium Strategy Plan 2024-2026

Statement of Intent

As a Beckfoot Trust school, our mission is to create a remarkable school where no child is left behind. This is embodied by our school sentence: ***“At Beckfoot Nessfield, we all strive to be even better tomorrow than we are today .”***

To help us be the best we can be, we have three values which permeate through all we do both inside and outside of school:

- ★ **Hard Work:** We work hard every day to build the knowledge and skills we need to be successful. We persevere and are resilient when things are difficult and take responsibility for our own behaviour.
- ★ **Ambition:** We tackle problems with a growth mindset and aspire to be the best we can be. We are open minded to opportunities and all the possibilities the future holds for us.
- ★ **Kindness:** We are all positive role models within our school and around our community. We always act with respect, kindness and integrity. We do the right thing because it is the right thing to do. We all understand difference and ensure every member of our community feels welcome and belongs.

Whilst we recognise the challenges that our children face, we do not use these as excuses. Instead, we are determined that all pupils are given the best start in life through the highest standards of quality first teaching, focussed support, curriculum enrichment, and pastoral care. Our ultimate objectives are:

- ★ To narrow the attainment gap between disadvantaged and non-disadvantaged children
- ★ For all disadvantaged children to make or exceed national progress measures
- ★ For all disadvantaged children to have at least 95% attendance
- ★ To ensure all pupil premium children engage in wider curriculum enrichment activities

Common barriers for our disadvantaged children can include poor language and communication skills, poor self-confidence, attendance and punctuality difficulties and social, emotional and mental health needs. Although there is no one size fits all model of support for our children, we recognise each disadvantaged child's barriers and work hard to remove them, so no child is left behind.

As recognised by the EEF, we know that 'good teaching is the most important lever schools have in order to improve outcomes for disadvantaged pupils. Therefore, we are focusing on improving the standard of teaching through focused professional development for teachers. The key active ingredients of our strategy are to:

- ★ Embed a culture of attainment for all, with 'no child left behind'
- ★ Remarkable inclusive quality first teaching
- ★ Individualised approaches to address barriers
- ★ Decisions based on data outcomes, regularly reviewed for impact
- ★ Best staff working with the most disadvantaged
- ★ Targeted intervention for children identified as in danger of falling behind
- ★ Focusing on a small number of high-level strategies

Following the pandemic and the economic crisis we know our disadvantaged families and children often need increased levels of support around social and emotional well-being. Therefore, we also intend to focus on supporting disadvantaged families with their children's attendance, punctuality, social, emotional and mental health needs, alongside their academic attainment. We will use pastoral and attendance data to inform individualised approaches. Intervention and prevention strategies will focus on removing barriers to attainment.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Increased social, emotional and mental health needs of children and families
2	Attendance and punctuality of disadvantaged children
3	Attainment gaps between DV and Non-DV children
4	Poor parental engagement
5	Lack of wider life experiences
6	Financial pressure on families

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantaged pupils.	Sustained high levels of wellbeing 2024/25 demonstrated by: <ul style="list-style-type: none"> ★ qualitative data from student voice, student and parent/carer surveys and teacher observations (more positive compared to current) ★ A significant reduction in red cards from DV children < 1 per term ★ a significant reduction in fixed term exclusions to <1 FTE per term ★ All DV children engage in enrichment activities.
Attendance of DV children is at least 95%	<ul style="list-style-type: none"> ★ Attendance of DV children is at least in line with National non DV children ★ 3% reduction in PA for DV children ★ Punctuality is >98%
DV progress improves in all year groups	<ul style="list-style-type: none"> ★ Progress data particularly for Y6 shows a narrower/narrowing gap. ★ The difference between DV KS2 pupils' attainment compared to targets is comparable to non-PP pupils
Increased focus and awareness of PP pupils by all class teachers, with regular professional dialogues taking place with pupils and parents.	<ul style="list-style-type: none"> ★ Pupil Premium a standard item in pupil progress meetings. ★ >95% of DV parents at school events such as parent evenings. ★ PP/SEND children attend SEND parent review meetings each cycle ★ Learning conversations following PD points for targeted pupils.
Quality first teaching in all classrooms, considering principles of effective classroom practice	<ul style="list-style-type: none"> ★ Leaders QA identifies that all children experience QFT that enables at least good progress to be made ★ No child left behind plans use data to effectively plan intervention and prevention strategies where DV children are at danger of falling behind

<p>All children participate in wider curriculum enrichment activities</p>	<ul style="list-style-type: none">★ Financial support for DV children for all trips and visitor workshops★ All DV children actively engage in curriculum workshops★ All DV children actively participate in curriculum enrichment opportunities

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2023 to 2024 academic year.

- ★ There is a consistent, research informed approach to pedagogy in the classrooms across school for English and Maths
- ★ Although still below National, KS2 outcomes were higher than 2023
- ★ Y1 phonics was above National
- ★ Behaviour for learning improved for the very large majority of students in school
- ★ Increased participation of PP children in curriculum enrichment activities
- ★ Increased PP attendance from 89.5% to 91.2%

Externally provided programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England
